

One Biosecurity is a new state-wide approach to managing, protecting, and promoting South Australia's strong biosecurity regime across its livestock industry.

Livestock SA is hosting a series of small group sessions to allow producers to get connected with One Biosecurity.

Bring your ipad, tablet or laptop and we will supply the internet (WIFI) and an expert from the Biosecurity SA team so that you can get connected and started.

Keith	2.00-4.00pm	Monday 26 November Henry and Rose Café
Bordertown	10.00-12.00pm or 2.00-4.00pm	Tuesday 27 November Tatiara District Council
Naracoorte	10.00-12.00pm or 2.00-4.00pm	Wednesday 28 November Struan House
Millicent	1.30-3.30pm	Thursday 29 November Millicent Bowling Club
Kingston SE:	9.00-12.00pm	Friday 30 November Crown Inn Hotel

This one-stop, online animal biosecurity management tool will provide best practice biosecurity assessment, management, advice and guidelines for multiple livestock diseases in South Australia.
